

GREENTRACK

ASC's Environmental Management Program

It's how we protect the environment!

What is my role?

Do your job in a way that lessens ASC's environmental impacts in the areas of **energy and water use, waste, development, wildlife and habitat, education and awareness.**

For example:

- Conserve energy by turning off lights, computers, and equipment
- Separate waste in recycling and trash containers
- Carpool or take the bus
- Report broken or energy wasting equipment

GREENTRACK IS ON YOUR COMPUTER!!!

Click on the **GREENTRACK** logo on ASC's intranet home page at <http://ascintranet>.

The International Organization for Standardization (ISO) creates standards for business regulating quality, safety, and measurement. ISO 14001 is the world's most recognized method for managing environmental risk.

GREENTRACK is third party certified. For our annual audit, you need to:

1. Know ASC's environmental policy, posted on the ASC's intranet site and in your area.
2. Know your role in **GREENTRACK**.
3. Be familiar with **GREENTRACK**, posted on ASC's intranet site.
4. Know where to get help on environmental problems (ASC's intranet or Environmental Affairs.)
5. Know what to do in the event of a fire or emergency.

ASPEN SNOWMASS®

♻️ Printed on recycled paper, made with 50% post-consumer content.

GREENTRACK is our ISO 14001 system.

ASC is the only ISO 14001 certified resort in North America.

Audit:

December 13th to 15th
